Simple Site Plans – Tech Help Note.

Disabling U.A.C. (User Account Control) on Microsoft Windows Vista To begin click the Start icon in the lower left corner to bring up the start menu.

Click on Control Panel. And Select User Accounts.

In the new window remove the tick from the check box. And Click OK. You MUST now reboot your PC for the changes to take effect.

| 💫 🔿 - 🙀 > Control Danol > Heat Accounts > Turn Heat Account Control On or Off | |
